Marie,

Attached is a copy of the final draft of the patent application and the appropriate signature documents. All revisions requested by the inventor have been made to the application and the inventor is prepared to execute the signature documents. Also, if you would like me to send this down to the Tucson lab for signatures then I will get a hold of Roi-Ann or Frances and let them know that it is on its way. If you have any questions or concerns regarding this application or if you have any problems opening the attachment please do not hesitate to contact me.

Best Regards,

Heather Babb
